Subject: Re: AT&T Facility

Thanks, Joe. We very much appreciate AT&T's willingness to help.

Per our discussion, here are my follow-up items:

1) **Denny's Area:**

- AT&T to investigate beautification/rocks, etc. for area around structure
- CD13/BID to convene meeting with Caltrans regarding better fencing, lighting, etc.

2) **Gower:**

- CD13/BID to engage Hollywood Heritage, etc. regarding possible painting, etc. that would be compatible with the building's historic use
- AT&T open to painting, beautification, tree planting, etc. – BID can provide irrigation

Is there anything I am forgetting or perhaps misstating?

Thanks,

Dan Halden

Hi Dan,

I seem to recall you mentioning that BSL did a Boulevard night walk to identify/replace some bulbs that were out. See correspondence below – a stakeholder reported numerous outages on the Boulevard, near Oasis church. Do you know if this is on BSL's radar? If not, I'm happy to reach out to them myself.

Best regards,

Subject: Lights on Hollywood Boulevard

Hello,

I wanted to let you both know I received a text from Ron Radachy (the Oasis of Hollywood) late last night. Apparently many of our street lights are either out or not coming on at night. He said there are some blocks that are entirely out. I asked him if he could document locations but he said it would be too difficult to do. I know you guys walked this with BSL recently, but maybe you can let them know that we need them to check the lights at night?

Thank you!

Dan, see locations where bulbs are out below (all between Vine & Highland):

- 6776 Hollywood Blvd (McDonalds) – east side of pole
- 6758 Hollywood Blvd – east side of pole
- 6763 Hollywood Blvd – east/west sides of pole
- 6751 Hollywood Blvd – west side of pole
- 6745 Hollywood Blvd – west side of pole
- 6720 Hollywood Blvd – pedestrian arm
- 6712 Hollywood Blvd (Egyptian Theater) – pedestrian arm
- 6717 Hollywood Blvd – west side of pole
- 6701 Hollywood Blvd – west side of pole
- 6685 Hollywood Blvd – west side of pole
- 6650 Hollywood Blvd – pedestrian arm
- 6623 Hollywood Blvd – pedestrian arm
- 6611 Hollywood Blvd – west side of pole
- 6610 Hollywood Blvd – east side of pole
- 6556 Hollywood Blvd – east side of pole

12/7/2015

City of Los Angeles Mail - FW: Lights on Hollywood Boulevard

- 6544 Hollywood Blvd – pedestrian arm
- 6512 Hollywood Blvd – east side of pole/pedestrian arm
- 6410 Hollywood Blvd – pedestrian arm
- 6371 Hollywood Blvd – west side of pole
- NEC Ivar/Hollywood – east side of pole
- 6328 Hollywood Blvd – pedestrian arm

I hope this is sufficient information to get BSL out to survey. Lots to replace!

Hi Baydsar,

Wanted to see if we could get some help from the senator's pull with CalTrans.

We've been doing some problem-solving around an area which has become an entrenched encampment site in Hollywood. Multiple organizations have been involved, but I think we may need your help in engaging CalTrans to help with a more proactive intervention.

I'm sure you know this area – south 101 exit at Sunset. When you get off there, there is a stop sign. (Near the Denny's parking lot.) At that stop sign, there is a chronic encampment, and panhandlers day and night seeking money from cars that have to be stopped at that sign.

Today we had a meeting with LAPD, ATT, CD 13 and BID. LAPD has been out there quite a bit cleaning up the encampments, but they keep coming back. ATT is going to make their portion of the property less enticing to sleep around.

The real challenge is to prevent people from hanging on the side of the off ramp...which easily leads down to the freeway, and there is considerable evidence of camping along the freeway.

In this case, it appears CalTrans would need to install some significant fencing to break this pattern (and also some bright lights, if possible). I suspect there are budget considerations, but this is adjacent to a residential neighborhood (with a brand new apartment buildings under construction) and a busy restaurant lot.

I'm wondering if we could set up a site visit with them to take a look at this option?

Kerry

Thanks, Kerry...

Hi, Baydsar – just wanted to chime in as well. We've had a really good relationship with Caltrans when it comes to cleaning up/maintenance, etc. but Kerry is right – a longer term solution at this location would appear to be significant fencing.

Your help would be very much appreciated! Please let us know.

Thanks,

Las Palmas Camera

Joseph Mariani <joe@hollywoodbid.org>

Mon, Jul 6, 2015 at 5:16 PM

To: "Daniel Halden (daniel.halden@lacity.org)" <daniel.halden@lacity.org>

Cc: Captain Peter Zarcone <26271@lapd.lacity.org>, Kerry Morrison <Kerry@hollywoodbid.org>

Hi Dan,

Captain Zarcone asked that I give you some background info on the installation issue we are having with the Las Palma LAPD Camera. Currently, we are trying to install the camera on a BSL pole at the SW corner of Hollywood Boulevard and Las Palmas Avenue. According to BSL their circuit on the pole is only on when the lights are on at night, and since we would need 24 hour power for the camera it would not work. However, there is an LADOT traffic signal attached to the BSL pole. Our contact at BSL told us that there is a circuit either in the pole (or close by) that LADOT taps into to ensure 24 hour power for the signal light.

What we need to do is to ask LADOT to allow us tap into that 24 hour circuit and run it to the top of the pole where we can put a 110 box to plug in the LAPD camera. I have copied Jim Sage here from Metro Video. Jim if there is something I'm missing, please let us know.

I have also attached a photo of the proposed pole here. Additionally, if money is an issue the BID would be happy to cover the cost of LADOT running the power for the electrical box needed for the camera.

Please let me know if you need anything else from us. Thanks Dan!
